Date : 05 January 2023

Re : **Temporary Referral of Test for Hepatitis C Virus (HCV) Genotype until further notice**

Dear Users,

Please note that the Hepatitis C Virus (HCV) Genotype (test code: HCVG; service code: 1033018) will be temporarily referred to Singapore General Hospital (Molecular Diagnostic – Microbiology) for testing with immediate effect, due to shortage of reagents. The test will resume when the reagent stock is replenished.

For further queries, please contact Mr Lee Chun Kiat at 6772 4384.

Thank you.

Dr Benedict Yan
