## MEMORANDUM

To : All Laboratory Users  
From : Department of Laboratory Medicine  
Date : 18 April 2023  
Re : **Change in Glucose Drink for Oral Glucose Tolerance Test**

---

Dear Users of Laboratory Medicine

The glucose drink will be changing from the Trutol (orange drink on the left) to the GlucosePro (raspberry drink on the right) in April 2023. Please finish your existing Trutol stock before using the GlucosePro.

There is no change in the glucose tolerance test protocol. As per normal, ensure all of the drink is consumed at the beginning of the testing period.

Yours sincerely

Dr Sharon Saw  
Principal Scientific Officer  
Department of Laboratory Medicine
